

# Medication

## Spiritualized

Every day I wake up  
And I take my medication  
And I spend the rest of the day  
Waiting for it to wear off  
Every night I stay up late  
And make my state more desperate  
Spend the rest of the night  
Waiting for it to wear off

I'm waiting for the time  
When I can be without  
These things that make me feel  
This way all of the time

Every now and then  
I get the urge to drive around  
Get into my car  
And then I'll maybe go up town  
Take my medication  
Do my best to get it on  
Spend the rest of the night  
Waiting for it to wear off

I'm waiting for the time  
When I can be without  
These things that make me feel  
This way all of the time

Every time I say this  
I just know this time I mean it  
But a feeling deep inside  
Says "it's okay one more time"

I'm waiting for the time  
When I can be without  
These things that make me feel  
This way all of the time

Makes me feel so good  
Makes me feel so fine  
Makes me feel so good  
Leaves me fucked up inside

Medicate my days  
Medicate my nights  
Medicate my life  
Don't it feel alright  
Don't it feel so good  
Lord don't it feel just fine  
Don't it feel so good  
Don't it feel so fine  
Don't it feel so good  
Leaves me fucked up inside
