

Are We Still Here

Spitalfield

It's easier to play things down than hold your ground
That's when we fall through
Sometimes we hold on not knowing that we're still friends
Are we still friends?
That's when we fall through

Pull harder - we're sinking down to nowhere
Drive farther - this trip is far from over
Try harder, drive farther
Silence can't last forever

Try harder, drive farther
Please, please just don't say never
Or we'll never come together
Or we'll never come together

It's easier to make no sound than kid around
That's when our call's through
Sometimes we hold on to knowing that we're still here
Are we still here?
That's when we fall through

Pull harder - we're sinking down to nowhere
Drive farther - this trip is far from over
Try harder, drive farther
Silence can't last forever

Try harder, drive farther
Please, please just don't say never
Or we'll never come together
Or we'll never come together

Na na na, na na na
We're sinking down to nowhere
Na na na, na na na
This trip is far from over

Na na na, na na na
Silence can't last forever
Na na na, na na na
Please, please just don't say never

Pull harder - we're sinking down to nowhere
Drive farther - this trip is far from over
Try harder, silence can't last forever
Try harder, please, please just don't say ...

We'll never come together
We'll never come together
We'll never come together
