

Here I Am, There You Go

Splender

So now you say dirty things that you regret
Try to breathe and relax and get over it
This I know, this I know.

And now you look and you digging a deep hole
And every word that you say is regrettable
This I know, this I know.

But here I am
There you go
Time's been changing you more than you'd ever know
Here I am
There you go
I've been waiting for more than you'd ever know.

You can pretend that you don't need a reason
For all the calls on the phone that would never end
This I know, this I know.

So now your cold and your tired and...
Try to wave with the hand as you scratch me
This I know, this I know.

But here I am
There you go
Time's been changing you more than you'd ever know.
Here I am
Letting go
I've been waiting for more than you'd ever know.

We'll last, stay here.
while you're not there
Bear with me, please.
Day after day
I'll get my way
Bear with me.

So now you stare at the face in the photograph
You want to scream but you can't get...
This I love, this I love.

Here I am
There you go
Time's been changing you more than you'd ever know
Here I am
I'll let you go
I've been waiting for more than, more than you know.

But I know
But I know

More than you know

Here I am (I know, well I know)
Here I am (I know)
