

## Irresponsible

Splender

You've been pushing but I don't agree  
'Cuz there was nothing ever here for me  
If you could see the circles in my eyes  
I tried  
Let's get this whole thing out

I cannot be responsible  
I don't care  
I cannot be responsible  
For you  
Do you know where you are?

God I can't believe that I'm still here  
And its purpose wasn't very clear  
I'm gonna take the time to wash away  
This day  
Let's get this whole thing out

With all I have and all you know  
Don't trust me 'cuz I'll hurt you so  
As simple as a syllable  
Be tired of my kind
