

# Yeah, Whatever

Splender

And you're primitive  
And you're cynical to me  
And I chewed down on the bit  
And almost swallowed it

You sit all alone with your color t.v.  
Your hair starts to glisten  
In spite of the fleas  
We don't have to stay friends  
Let's pretend to be enemies

Yeah, whatever makes you happy  
Yeah, whatever makes it beautiful  
Yeah, whatever leaves you satisfied  
Cuz I'm out of time  
For now

And you're paranoid  
As you look me up and down  
And I'm soaked in gasoline  
Mud and ice cream

You sit by the phone  
With your tongue hanging out  
You cradle the flies in the back of your mouth  
We don't have to stay friends  
Let's pretend to be enemies

Damned if you do  
Fucked if you don't  
Damned if you do  
What if you won't

You must be aware what you're  
Doing to me  
We sunk like a stone on a rock  
In the sea

We don't have to stay friends  
(Not for very long)  
We don't have to stay friends  
(Just because you're gone)

You get what you want cause you won't let it die

Yeah, whatever makes you happy  
Yeah, whatever leaves you insecure  
Yeah, whatever seems to break you down

Cuz I'm out of time  
But I'm feelin' fine
