

## How Can I Resist Her

Split Enz

Blonde hair, blue eyes  
She came on like a white lie  
My wicked angel in mortal disguise  
There's one in every crowd  
Gonna make me shout aloud

How can I resist her  
Haven't even kissed her  
All I wanna do is  
Pleasing you and say yes  
Oh tell me "How can I resist her?"

Demon in lipstick, a beauty of nature  
I'm only human and sometimes I hate you  
Trembling at the knees  
I can only say "Yes Please?"

How can I resist her  
Haven't even kissed her  
All I wanna do is  
Pleasing you and say yes  
Oh tell me "How can I resist her?"

How can I resist her?  
Oh tell me "How can I resist her?"  
How can I re, how can I re, how can I re...

How can I resist her?

Divine delinquent  
Delicious and perverse  
I want to touch you  
Just once before I burst

How can I resist her?...  
Oh tell me "How can I resist her?"  
How can I re, how can I re, how can I re, how can I re  
Oh how can I resist her?
