

Iris

Split Enz

She's unaware, she'll never see me stare
Standing in the safety of my room
Oh I don't know, whether she comes or goes
But I know I'll be seeing her quite soon

Ooh, Iris
The girl with the lovely name
I feel desirous
I got that girl to blame
Ooh Iris

I'll be brave, put all my fears away
I'm hoping that I get the chance to meet her
Sun or rain, I wait here every day
I wonder if I'll get the chance to kiss her

Ooh, Iris
I'm stuck at the window pane
I feel desirous
I got that girl to blame
Ooh Iris

Ooh, Iris
The girl with the lovely name
I feel desirous
I got that girl to blame
Ooh Iris (repeat til fade)
