

Master Plan

Split Enz

I'm not a robot passive and programmed
I'm taking the law into my own hands
All things come to those who base their every action
On a proper strategy

I got a master plan
Not taking any chances
I got a master plan
And I got me some answers

I learned my lesson
Fate will keep you waiting
Full of doubt and drudgery

I got a master plan
Not taking any chances
I got a master plan
And I got me some answers

Fate will keep you waiting
Full of doubt and drudgery
No more hesitating
Got a proper strategy
