

# One Step Ahead

Split Enz

One step ahead of you  
Stay in motion, keep an open mind  
Love is a race won by two  
Your emotion, my solitude

If I stop I could lose my head  
So I'm losing you instead  
Either way I'm confused  
You slow me down, what can I do?

There's one particular way I have to choose

One step ahead of you  
Always someone makes it hard to move  
She says, " Boy I want you to stay"  
But I save it all for another day

If I stop I could lose my head  
But I'm ready for romance  
Either way I'm confused  
I don't know what I'm supposed to do

I can only stay one step ahead of you

Stop, I confess sometimes  
I don't know where am I goin'  
Part of me stays with you  
I'm slowing down, what can I do?

It's hard to stay one step ahead of you

One step ahead of you  
Time is running out, catching up with you  
One step ahead of you  
When I hold you close, can I really lose?

One step ahead, only one step ahead  
She's one step ahead of you
