

## Skin

Spock's Beard

Like a star with a blue moon rising  
You complain but you keep surprising yourself  
Like a dog who's been kicked all over  
You tried to quit but you can't stop kicking yourself  
It's the truth, it's a lie, love will never die  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Don't you see it's like tryin' to climb out of your skin  
You shut down tried to not be special  
Lights were off but someone's always been home  
May as well not resist temptation  
Plug yourself in the wall and light up the town  
Time is up, it's alive, take this dream and drive  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Don't you see it's like tryin' to climb out of your skin  
Climb way up to the ground, slide on up and slide down  
It's the truth, it's a lie love will never die  
It's the best you can buy might be worth a try  
Make a wish take a dive don't just stay alive  
You'll do more than survive take this dream and drive  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Don't you see it's like tryin' to climb out of your skin  
You're like a butterfly fighting the wind  
Out of your skin  
Out of your skin  
Out of your skin  
Out of your skin
