

Accuser

Spoken

(Verse)

Moving through the queue so slowly
Until devour the world
Watching to sound all closely
You're waiting long and to take the draw

Liar , dryer , accuser , betrayer

(Chorus)

You will never have a place in this heart
You will never have a place in this life

(Verse)

For I'll dream by the wounded
Your soul in the well to trap by
The truth and lies
Training talking for me
Walk a while, imprison me

(Chorus)

You will never have a place in this heart
You will never have a place in this life

We will survive
We will survive

(Chorus)

You will never have a place in this heart
You will never have a place in this life
