

## Wind In My Sails

Spoken

The first snow of the season came on a wednesday afternoon  
Snow covered highway makes it so hard to see the road I'm driving  
Sometimes it seems impossible to focus on anything other than you  
Right now the world seems so silent because I'd rather think of you  
You make me feel like I can do anything, everything  
You are the wind in my sail, baby  
You're everything I need, you're my love and understanding  
6 AM 1.35; the sun rising from the horizon  
Colors shoot across the sky, the road is silent  
Oh all of this that I wanted, to watch the snow fall down with you  
The road is silent, now I'm headed home to you  
You are the wind in my sail, baby  
You're everything I need, you're my love and understanding  
You are the wind in my sail, baby, you know you are  
You're everything I need, you're my love and understanding  
You make me feel like I can do anything  
You make me feel like I can do anything, my love  
Make me feel
