

Got To Be A Bore

Sponge

I hope my head will heal
I hope my head will heal
it's all I ever wanted to feel
all well adjusted"
I just can't feel this way anymore
feeling this way got to be a bore

"I hope my head will heal
I hope my head will heal"
it's problematic and a compelling
a corrupt disguise

"I hope my head will heal
I hope my head will heal"
a flaming martyr with the pangs
of a Jesus Christ

"it's all I ever wanted but I'm
so self destructive"
I can't feel this way anymore
feeling this way got to be a bore

so simple unassuming selfless
human acts of grace
with a murdered ego I go
surely this can't be vain
to know what you want knows
the essence of all insane
as I am we are
I am all all all insane
