

Treat Me Wrong

Sponge

So Forget
If it's a little time that you're needin
I'll be a little violin that's playin
I'll be the space that helps your eyes see clearer
Please tell me are you all right now
And are you whole right now
Are you whole right now
And are you whole right now
I've done you right but you just done me wrong

Treat me wrong
Why you wanna treat me wrong
I'm sorry that you're leaving but I'm happy that your gone

Treat me wrong
Why you wanna treat me wrong
I'm sorry that you're leaving but I'm happy that your gone

I'm so sorry
But what did i say that really upset you
I know you're so sensitive and peculiar
But based on all our very last conversation
I thought that you'd be hangin' around
Hangin' around
Hangin' around
But you're not hangin' around
I've done you right but you just done me wrong

You're gone
And you're gone
And you're gone
And you're gone
And you're gone
And you're gone
And you're gone
And you're gone
And you're gone
You're gone
You're gone

Done you right but you just done me wrong

That you're gone
That you're gone...
