

# Velveteen

Sponge

Delux  
Sublime  
Gigantic for all times  
And space  
I wish for you the stars  
Bow down  
I wish for you their infinite crown  
In Velveteen  
I will surround  
With Velveteen  
In your name  
In Velveteen  
I will surround

I'll keep this velvet  
In your name  
I'll keep this velvet  
From the rain  
So long, sleep well  
Your purity speaks well  
As you lay  
With al these flowers  
In your bed  
With all these flowers  
You had left to give away  
In Velveteen  
I will surround

In Velveteen  
In your name  
In Velveteen  
I will surround  
I'll keep this velvet  
In your name  
I'll keep this velvet  
From the rain
