

Cotton Growing Man

Spooky Tooth

Cotton Growing Man
Sitting in your chair
You think you're a winner
You don't have a care
All you do is sit and drink all day
Yes you don't do nothing
Cotton Growing Man

Cotton Growing Man
Drink away your sin
Forget all the slavery
It got lost in gin
All you do is sit and drink all day
Yes you don't do nothing
Cotton Growing Man

You got all the cotton that you need
You got all the money with your greed

You got all the cotton that you need
You got all the money with your greed

Cotton Growing Man
Pass away your time
Forget all your troubles
Drown them deep in wine
All you do is sit and drink all day
Yes you don't do nothing
Cotton Growing Man
