

Higher Circles

Spooky Tooth

My way of life was barren and bare
I knew many people but nobody cared
I played the rules of society's game
But my mind grew troubled cause
my spirit was lame

Without a warning I had a change of heart
I kept to myself I didn't play the part
My friends stopped callin' they just let me be
I knew I was fallin' but nothin' could stop me

I'm movin' up to a higher circle
I'm movin' up 'cause I've fallen down
Down from the circle of nameless faces
I'm movin' up to a higher circle

I feel much better since I drifted away
From the fair weather friends who had nothin' to say
I'm all on my own writing down the lines
That grow from the peace and inner love that shines

I'm movin' up to a higher circle
I'm movin' up 'cause I've fallen down
Down from the circle of nameless faces
I'm movin' up to a higher circle

Yes I feel
I'm movin' up to a higher circle
I'm movin' up 'cause I've fallen down
Down from the circle of nameless faces
I'm movin' up to a higher circle

Yes, I'm movin' up to a higher circle
I'm movin' up 'cause I've fallen down
Down from the circle of nameless faces
I'm movin' up to a higher circle
