

Kyle can you tell me
Where did we go wrong
It's been so long
It's been so long

Why did you leave me
We were such good friends
What can I say
What can I say

Kyle can you help me
Take my hand don't leave me on my own
Kyle it ain't easy I can't bare to live
Without you near me

Help me kyle
Help me kyle
Won't you stay with me
And let me see you smile

Words always fail me
How can I explain
The way I feel the way I feel

Kyle it ain't easy
I can't bare to live without you near me

Help me kyle
Help me kyle
Won't you stay with me
And let me see you smile

Kyle won't you hear me
I got so much more I have to say now

Help me kyle
Help me kyle
Won't you stay with me
And let me see you smile
