

# I Ain't the One

Spoon

When the moon is rising and looking on me  
When the night comes knocking, knocking on me  
I say, I ain't the one  
I say, I ain't the one  
I ain't the one that you looking for now

When the man comes asking and looking for me  
When the law comes knocking, knocking on me  
I ain't the one  
(Ah, ah)  
No, I ain't the one  
I ain't the one that you're looking for now  
Yeah, I ain't the one  
I ain't the one  
So now I'm leaving you all behind me

When the world comes crashing, crumbling on me  
When the day comes knocking, knocking on me  
I say, I ain't the one  
I ain't the one  
Hey, ha ha  
Hey, ha ha  
I ain't the one, I ain't the one  
So now I'm leaving you all behind me
