

# I Could Be Underground

Spoon

well I went and got messed up again  
the fact that you need to's enough  
and I went and took it all out on somebody  
where does it get you ever  
I could be underground  
I could be back upstairs with you  
yeah that could be me up there spinning around  
I could be fakin' it all but you would never  
because I need to  
I love to  
I'm down  
and that's a wet piece of wood for the fire tonight  
yeah I need to  
I love to  
I'm down  
I'm underground
