```
I've gone out of my way
Big, blank slate every day
Big blank, canvas staring at me every day
```

Revenge Revenge Revenge

Push pin stuck in I've got stuck in

The word's out
I'm not sure where I am
How I'm gonna get back where I am
What the real purpose is what I want
What I want to reveal

Stuck in Dallas with the lavalette

Gotta blink kids are staring at me like a set

I fucked up, now I just won again

(Revenge, Revenge, Revenge) I'm not sure where I am (Revenge, Revenge, Revenge) How I'm gonna get back where I am (Revenge, Revenge) What the real purpose is what I want (Revenge, Revenge) What I want to reveal
