

## Something to Look Forward To

Spoon

Now Carole don't get ahead of yourself  
Don't say nothing right now  
I'll take it anywhere you let it go

Everything moving so fast  
It'll take you a place where you can't get back  
And I've seen it enough  
You gotta make me shut up

So there's something to look forward to  
Gimme something to look forward to

Your mistakes your merciless eye  
Your Chicago manual of style  
It only's got to go just as far as we let it go  
So Carole let me know

So many things we could say  
So many things we could let get out  
But you stay in instead  
Some things are best left unsaid

Gimme something to look forward to
