

## Swagless

Spose

I'm in the place, y'all, trippin on things  
I just walked in spillin my drink,  
I play ball but I never scored a basket  
You already know, you ain't gotta ask it  
Swagless, you know I'm (swagless)

Ugly, clumsy, trust me  
Sandusky wouldn't fuck me  
You know who's swagless  
To get my shit together I would have to eat magnets  
(Swagless)  
So if you're lookin call it off  
I'm right here homie, swag holocaust  
Eh, I'm fever than Justin Bieber  
I tried to do the dougie, it was lookin like a seizure  
I'm accidentally celibate, I could sign and drive a boxy Honda  
SUV and not be in my element  
I been irrelevant, I'm still delicate, but this year I can bench  
85 like Bill Belichick  
Check it out, droolin out my mouth, fallin on a couch  
I just dropped a coffee sloppy  
And I'm retarded and I only wrote 14 bars

I met this girl named Betty  
She was all about it  
We started dancing, shook her booty all around it  
I felt so guilty, had to call my man and tell him  
I hung up and lit a candle, put on Lady Antebellum  
When I in the bar I order cran and peach drink, peach drink, bu  
rn, cruisin, sleepin in the backseat  
I'm so real that I freak if I see a spider  
I won't walk into a dark room without a lighter  
Give me the mic and I made it my two-thug shit I chipped it  
I'mma be out at a restaurant counting the bill but you know I w  
on't pitch in  
Glitchin, nonfiction books be my addiction  
Picturin my nana on the couch knittin me mittens  
Broke and lazy, makin me babies  
Collecting food stamps to save for a mercedes  
Man I'm swagless, but I smell good  
Spray painting Nautical stars all over the neighborhood
