

Sick song

.sPout.

we got a sicksong -
you got to sing sang
and we come along like a
boomerang
sicksong
you gotta sing sang -
now we come along like a
boomerang
sicksong
you gotta sing sang -
now we come around like a
boomerang
we turn our inside out
a freakshow by .sPout.
check in check out - when we
play we're playing loud
and what we play is a sicksong -
sing sang
we come along like a
boomerang - and I am the "ill
chiller"
in my head a lyrical thriller - a
chaos of words and textfiles
flying in my head like shit-flyes
I see - white mice and things
that don't exist
sicksong
you gotta sing sang -
now we come along like a
boomerang
sicksong
you gotta sing sang -
now we come around like a
boomerang
come on -
when we come along -
come on -
when we come along -
come on -
when we come around -
come on
we move in circles - we're
moving round
creating sick sounds - iller than
sick clowns
you better prepare for us - we
overtake your hometowns
with our sick shit that you
shouldn't miss
you better watch out for it
we come along with a sicksong
like this
live at the freakshow arena -
we're moving round like a
ballerina
we move in circles- round and
round

to earn the chaos
sicksong
you gotta sing sang -
now we come along like a
boomerang
sicksong
you gotta sing sang -
now we come around like a
boomerang
come on -
when we come along -
come on -
when we come along -
come on -
when we come around -
come on
I keep turning like a screw -
bring my sickness "into"
sicker than you
sicker than your wildest dreams
sicker than your wildest minds
I walk behind the shadow lines
I live in two dimensions
I fuck up the borderlines of
reality
I am a broken personality
when you see me - you always
see two
we're the sick brothers with the
"ill view"
let me introduce to you my crew,
we are now the "ill sick clique" -
with another trick -
sicker than sick
sicksong
you gotta sing sang -
now we come along like a
boomerang
sicksong
you gotta sing sang -
now we come around like a
boomerang
come on -
when we come along -
come on -
when we come along -
come on -
when we come around -
come on
sick
sick
sick
sick
sick-song
sick-song
sick-song
