

American Made

Sprung Monkey

My mind is screamin' 45
'Cause you're still alive
These signal lights I'm running through
It's all I can do just to get to you

You know I love (you)
You know I hate (you)
You know I need you
But I just can't take any more
Time to take a walk out in the moonlight with my love
'Cause I just can't take any more
Any more

American made
American made

I got my hands around your neck
I'm looking straight in your eyes
You taste the steel as you feel
If you're gonna lie, then you're gonna die

'Cause I'm gonna tell you
I'm gonna see through
I'll suffer for you
I'm gonna kill you

American made, ha ha ha!
