

## Danny Diamond

### Squirrel Nut Zippers

Danny Diamond, she was a star  
She took the stage every quarter hour  
She was the hottest gig in town, in fact  
He was the hottest girl around.  
She had the strut, she had the lines  
To make a man's heart go 'round about  
She put it all into her act until

One night after the show.  
Danny gyrated, wouldn't you know  
Something had to go  
Down she smack  
It was her back  
Completely crack  
So fade to black  
So ends the act of Danny Diamond  
She was a star.
