

Just This Side Of Blue

Squirrel Nut Zippers

I'm just this side of blue
Just as close to crackin' up
Just this shy of packin' up
I'm just this side of blue

It's that time you knew
There's no point in talkin it out
Just as close to walkin' out
That's why I'm tellin' you

I could complain and be a pain
But I'd get tired of that
I could cuss and raise a fuss
That won't fix what's wrong with us

I'm just this side of blue
So tired of shackin' up
Just this close to crackin' up
I'm just this side of blue

It's that time you knew
There's no point in talkin' it out
Just this close to walking out
That's why I'm tellin' you

I could complain and be a pain
But I'd get tired of that
I could cuss and raise some dust
That won't fix what's wrong with us

I'm just this side of blue
I'm just this side of blue
