

## Low Down Man

Squirrel Nut Zippers

That low down man of mine  
Mistreats me all the time  
He says he loves me only  
Then turns around and leaves me  
Sad and lonely

If he could see through my eyes  
And be the one who cries  
He would see, he would never be  
That low down man of mine

That low down man with his low down ways  
I know he'll go some day  
I'll wait till then, the story's ending  
It won't be long but from now on

If he could see through my eyes  
And be the one who cries  
He would see, he would never be  
That low down man of mine

If he could see through my eyes  
And be the one who cries  
He would see, he'd come back to me  
That low down man
