

She Was Dead

SR-71

From the minute that I saw here she was different from the rest
But I didn't hear her talking, I was staring at her chest
And I wish I would have listened
'Cause I think I might have seen the signs

Now it's been a couple months and I can't take another word
She's been pushing every button, she's been working every nerve
I've got something she can swallow
But it sure as hell's not my pride

Yeah, I know it's just a waste of time
Soon I'm gonna run out of lies
She'll just have to hear the truth instead

Everyday I'm gonna make her cry
Till the minute that we say goodbye
I'm gonna make her wish, she was dead

I used to hang out with my homies gettin' stupid every night
Till I met her and she chained me up to keep me out of sight
I got to get away from her, I think I'm running out of time

'Cause I think I'm gonna die whenever she's behind the wheel
And it drives me up the wall when she asks me how I feel
I don't really want to talk so I tell her that I'm doing fine
There's got to be a way that I can get it through her head

Yeah, I know it's just a waste of time
Soon I'm gonna run out of lies
She'll just have to hear the truth instead

Everyday I'm gonna make her cry
Till the minute that we say goodbye
I'm gonna make her wish

I'm going crazy, she won't let go
The lease gets tighter every day
Already told her, she's Miss Right Now
But I wish she was Miss Yesterday

Yeah, I know it's just a waste of time
Soon I'm gonna run out of lies
She'll just have to hear the truth instead

Everyday I'm gonna make her cry
Till the minute that we say goodbye
I'm gonna make her wish

Yeah, I know it's just a waste of time
Soon I'm gonna run out of lies
She'll just have to hear the truth instead

Everyday I'm gonna make her cry
Till the minute that we say goodbye
I'm gonna make her wish, she was dead
