

## Rescue Me

St. Lucia

Tell me all your secrets, your secrets, your secrets  
Tell me all your secrets, your secrets  
Cause I really don't think, really don't think there's any way  
Make me a believer, believer, believer  
Make me a believer, believer  
Cause I really don't think, really don't think there's any way

The rain keeps falling in the dead of the night  
The man keeps calling in the dead of the night  
Awake 'til morning in the dead of the night  
All your finer feelings won't give up 'til it's light

Tell me all your secrets, your secrets, your secrets  
Tell me all your secrets, your secrets  
Cause I really don't think, really don't think there's any way  
Make me a believer, believer, believer  
Make me a believer, believer  
Cause I really can't think, really can't think of another way  
We can keep on pushing, keep pushing, keep pushing  
We can keep on pushing, keep pushing  
Cause money's gonna come, money's gonna go anyway

The rain keeps falling in the dead of the night  
The man keeps calling in the dead of the night  
The lion's roaring in the dead of the night  
All your finer feelings won't give up 'til it's light  
The end is coming in the dead of the night  
Their eyes are watching in the dead of the night  
The wheels are turning in the dead of the night  
Keep running through the dark as the snake starts to bite

Rescue me, rescue me  
Rescue me, me, me, me  
Rescue me  
Rescue me, rescue me  
Rescue me, me, me, me  
Rescue me  
Rescue me, oh, rescue me  
Rescue me, oh, rescue me  
Rescue me, me, me, me  
Rescue me  
Rescue me, rescue me  
Rescue me, me, me, me  
Rescue me  
Rescue me, rescue me  
Rescue me, me, me, me  
Rescue me
