

## Fear the Future

St. Vincent

When the Earth split in two  
I was I, you were you  
I run for you, run for me too  
When the war rose and fell  
And the oceans are swell  
I run for you, run for me too

Come on, Sir  
Just give me the answer  
Come on, Sir  
Now I need an answer  
My baby's lost to the monster  
Come on, Sir  
Just give me the answer  
I fear the future

When the club come and go  
To the top of your skull  
I run for you, what can I do?  
When the war start anew  
In the bed, in our room  
I come for you (I come for you)  
Come for me too

Come on, Sir  
Just give me the answer  
Come on, Sir  
Now I need an answer  
I won't be gone with the goners  
Come on, Sir  
Just give me the answer  
I fear the future
