

# Hang on Me

St. Vincent

I know you're probably sleepin'  
I got this thing I keep thinkin'  
Yeah, I admit I've been drinkin'  
The void is back and I'm blinkin'

I cannot stop the aeroplane from crashin'  
And we circle down from the sky

Yeah, so hang on me  
Hang on me, hang on me  
'Cause you and me  
We're not meant for this world  
You and me  
We're not meant for this world

I know you hate my hysterics  
I promise this time it's different  
I won't cry wolf in the kitchen  
Just please, oh, please don't hang up yet

I cannot stop the taxi cab from crashin'  
And only lovers will survive

Yeah, so hang on me  
Hang on me, hang on me  
'Cause you and me  
We're not meant for this world  
You and me  
We're not meant for this world  
You and me  
We're not meant for this world  
You and me  
We're not meant for this world
