

## Neutered Fruit

St. Vincent

Did you ever really stare at me? (2x)  
Like I stared at you

I ate flowers in the backyard  
Bought finely neutered fruit  
Shot a hundred arrows at a knoll  
a hundred sparrows blue

Did you ever really stare at me?  
Did you ever really stare?  
Did you ever really stare at me?  
Like I stared at you

Don't run  
Don't run little rabbit run  
Don't run  
Don't run little bunny run

Did you ever really stare at me?  
Did you ever really stare?  
Like I stared at you

Did you ever write a prayer for me?  
Did you ever really care?  
Did you ever really care for me?  
Like I cared for you

Don't run away
