Did you ever really stare at me? (2x) Like I stared at you

I ate flowers in the backyard Bought finely neutered fruit Shot a hundred arrows at a knoll a hundred sparrows blue

Did you ever really stare at me? Did you ever really stare? Did you ever really stare at me? Like I stared at you

Don't run
Don't run little rabbit run
Don't run
Don't run little bunny run

Did you ever really stare at me? Did you ever really stare? Like I stared at you

Did you ever write a prayer for me? Did you ever really care? Did you ever really care for me? Like I cared for you

Don't run away
