Everything I Touch

Stabbing Westward

```
The more I feel
The more I die
Nothing to give
Nothing inside
Everything I touch I break
Everything I touch I break
Everything I touch I break

I scratch and tear
Until it bleeds
I do not want
I only need
I only need
I only need

Everything I touch I break
Everything I touch I break
Everything I touch I break
Everything I touch I break
Everything I touch I break
Everything I touch I break
```
