

# Happy

## Stabbing Westward

I know you've grown to hate me  
Even more than you have  
Grown to hate yourself  
But has it really made a difference?

Sharing all that hate  
With someone else?  
Please tell me  
Are you really happy?

Do you think he's really worth the pain?  
Tell me  
Are you really happy?  
Or did you simply throw our life away

Just to be unhappy?  
Does he worship and adore you?  
Does he make you feel so  
Beautifully complete?

Is your life so much better now?  
Or do the same  
Old demons haunt just me?  
Is he everything you've dreamed of?

I'd imagine he is  
So much more than me  
You know I tried to make you happy  
But I believe

You thrive on misery
