

Genuine

Stacie Orrico

I see you passing by
I don't where
I don't know why
You choose to go the way that you're going now
You've been a friend of mine for many years for a long time, but..
You just aren't you today, so what's on your mind
You just won't speak about it
think about it
be about it
Gotta make yourself aware that you're goin' astray
You're trying so hard to fit in

R: What you need is something genuine
What you want is something real
What you need is something truthful
I know you do (3x)
'Cause I need it too..
What you need (2x)
What you want (2x)
What you need (2x)
Something Genuine.

You cry yourself to sleep
Sleep at night but once the night is gone
And you prepare to face a brand new day
You hide yourself behind that mastermind
You're in disguise
It's as if you try to put a mask on your pain

You Don't know who you are
What you're about
where are you now
You're becoming someone that you don't want to be
You're trying so hard to fit in...

R:

He loves you for who you are now and who you will be
Don't fear living in truth there's reality
I don't have all the answers but I know One who does
And I know there's freedom and truth
I got to Him because

R:

What He has is something genuine
Who He is is someone real
What He gives is something truthful
Its what He has its Who he is
Its what He gives
And I need Him too
What you need (2x)
I Need Him Too
What you want (2x)
What you need (2x)
Something genuine.
