

Hesitation

Stacie Orrico

Why do you spend all your time
Watching life pass you by;
Hanging on to your pride
All that you can anticipate
Hoping all your mistakes will somehow fade away
What are you to do with this
It's either hit or miss
You know the answer now;
Come on, give your heart away
I know you hurt inside;
I know the reason why
Don't wait a moment;
Come on and give you heart away

Why the hesitation
God is ever-waiting
Gotta' stop procrastinating;
Can you feel me
Why the hesitation;
You can pick your destination
And the risk is so worth taking;
Can you hear me

Your heart will never be the same
Giving up drama's days;
Letting go uneasy ways
When will you ever realize
Letting go all your lies;
All the pain will subside
What are you gonna' do with this
It's either hit or miss
You know the answer now;
Come on, give your heart away
I know you hurt inside;
I know the reason why
Don't wait a moment;
Come on and give you heart away

Why the hesitation When God is ever waiting
Gotta' stop procrastinating;
Can you feel me
Why the hesitation;
You can pick your destination
And the risk is so worth taking;
Can you hear me
(2x)

(Did you) know it's so easy
(So why'd you say) You're too busy
You know you need Him
Come on give your heart away
(Let it go) Why you waiting
(You're waisting time) Hesitating
You know you need Him
Are you ready to believe

Why the hesitation When God is ever waiting

Gotta' stop procrastinating;
Can you feel me
Why the hesitation;
You can pick your destination
And the risk is so worth taking;
Can you hear me
(2x)
What you need, what you need
What you want, what you want
(2x)
(What you need is something genuine)
What you want, what you want
I'm just wondering, Why

Why the hesitation When God is ever waiting
Gotta' stop procrastinating;
Can you feel me
Why the hesitation;
You can pick your destination
And the risk is so worth taking;
Can you hear me
(2x)
