Another day all alone again
Someone please love me
Another game; another broken heart
Why do I do this to myself
I could look and try to find someone
Who won't leave me lonely
But then I found I didn't need to search
Cause You were the one and You came to me
You fought for my heart and You have won it
You're taking me over and I like that
I tried other love but couldn't feel it
I'm so glad You found me because

I need You so close to me
(Cause You're the)
Only one that makes my life complete
(And Lord I)
Know it took so long to see that
You're my security
You won't go away from me
(And now I)
Know that I don't ever have to worry
Cause my heart feels so very free
You're my security

You are my security (There's no denying)
You are my security

Another day; here I go again Drive myself insane Stop to think; how could I forget You're with me every single day (Now I look) And I see the One The only one for me Cause I don't need to search for A way to try to be more I have found a love that's so secure You fought for my heart and You have won it You're taking me over and I like that I tried other love but couldn't feel it I'm so glad You found me because Other relationships confuse me The thought of Your simple love is crazy You make me feel like no one has before

I need You so close to me
(Cause You're the)
Only one that makes my life complete
(And Lord I)
Know it took so long to see that
You're my security
You won't go away from me
(And now I)
Know that I don't ever have to worry
Cause my heart feels so very free
You're my security

I need You so close to me
(Cause You're the)
Only one that makes my life complete
(And Lord I)
Know it took so long to see that
You're my security
You won't go away from me
(And now I)
Know that I don't ever have to worry
Cause my heart feels so very free
You're my security
