

Take Me Away

Stacie Orrico

From your walk to your style
From your lips to your smile
Got me feeling like a child
And baby I just want it all for me
Baby tell me that it's all for me
From your kiss to your touch
Got me needing it so much
Boy I got a crush
And with you is where I wanna be
So please tell me that its all for me

R: I love it I don't want it to stop
Every minute I'm without you always seems like a lot
Feels like I'm in a dream when I'm not everytime I get close
to you
Please don't wake me baby cause
I really hate seeing you go
But you gotta handle business, yeah baby I know
Feels like half of me left when you walked out the door
Please take me away with you

From the look in your eye
You want me as bad as i want you in my life
Baby loving you feels like a dream
And your loving has become a need
Every time that you go
I get a pain in my heart, and that lets me know
I just gotta have you all for me
Baby tell me that it's all for me

R: (2x)

A love like yours is hard to find
Can i be yours will you be mine
I think its time
Please take me away with you
Cause you bring out the best in me
The greatest love I've ever seen
Is what I need please take me away with you
