

# Break Away

Staind

Misery  
The company it keeps  
Is for me  
All these things  
We keep repeating

Like a wheel  
That keeps turning  
If I could break away  
From this moment  
Break away  
What is real  
Never showing  
Break away  
How I feel  
If I could break away

Apathy  
The ignorance it brings  
The tragedy  
Of all these things  
We keep repeating

Like a wheel  
That keeps turning  
If I could break away  
From this moment  
Break away  
What is real  
Never showing  
Break away  
How I feel  
If I could break away

Break away  
If I could break away  
Just break away  
If I could break away  
From this moment  
Break away  
What is real  
Break away  
Never showing  
Break away  
How I feel  
If I could break away  
If I could break away  
If I could break away
