

Come Again

Staind

You push yourself on me
Force yourself on me
Free yourself through me

You better save yourself from me
Every time you want me to be
Something I could never be
Guess you'll have to wait and see
Till the next time that you have to

COME AGAIN!

I hate myself for you
I break myself for you
I'd kill myself for you
I'd better save myself from you
Everytime you want me to be
Something I could never be
Guess you'll have to wait and see
Till the next time that you have to

COME AGAIN!

If you have to walk my way
Have something to say
Get the fuck away
Can't take one more day
I cannot conform

COME AGAIN!
