Nothing Left To Say

Staind

Talk to me, You never
Talk to me Do we suffer From
Social atrophy

And when the conversation's over When the conversation's over

We've taken what's been given And we throw it all away

Walk with me ,Come on and Walk with me' Take a look Around you Do you like What you see

We've taken what's been given And we throw it all away It's hard to be forgiven When there's nothing left to say

When the conversation's over When the conversation's over The silence just gets in the way Conversation's over

Talk to me, Don't ever Talk for me

We've taken what's been given And we throw it all away It's hard to be forgiven When there's nothing left to say

There's nothing left to say
