

# So Far Away

Staind

This is my life  
It's not what it was before  
All these feelings I share  
And these are my dreams  
That I've never lived before  
Somebody shake me cause I  
I must be sleeping

R: Now that we're here, so far away  
All the struggles we thought were in vain  
All the mistakes one life contained  
They finally start to go away  
Now that we're here, so far away  
B #F  
And I feel like I can face the day  
I can forgive and I'm not ashamed  
To be the person that I am today.

These are my words  
That I've never said before  
I think I'm doing okay  
And this is the smile  
That I've never shown before  
Somebody shake me cause I  
I must be sleeping

R:

I'm so afraid of waking  
Please don't shake me  
Afraid of waking  
Please don't shake me
