

The Transformers (r) (theme)

Stan Bush

Something evil's watching over you
Comin' from the sky above
And there's nothing you can do
Prepare to strike
There'll be no place to run
When your caught within the grip
Of the evil Unicron
Transformers
More than meets the eye
Transformers
Robots in Disguise
Strong enough to break the bravest heart
So we have to pull together
We can't stay worlds apart
To stand divided we will surely fall
Until our darkest hour
When the light will save us all
Transformers
More than meets the eye
Transformers
Robots in Disguise
Transformers
Autobots wage their Battle
To destroy the evil forces
Of the Decepticons
It's judgement day and now we've made our stand
And now the powers of darkness
Have been driven from our land
The Battle's over but the war has just begun
And this way it will remain til the day when all are one
