

Unstoppable

Stan Bush

We stand together as one, united in our struggle
Strong is our faith to rise, not fall
As we heed the battle call
Our fathers to die for
Flaming sword, thunder and steel
Power of will, spirits of fire

We are unstoppable and indestructible
We believe what we're fighting for
We are unstoppable, the invincible
Warriors of light, fight the good fight
Keeping our freedom alive

We stand forever in this call
Never turn from trouble
Bound to defend this land, our home
And bound to help each other
We are brothers, bound by blood
On the inside, taking control
Descend into fire

We are unstoppable and indestructible
We believe what we're fighting for
We are unstoppable, the invincible
Warriors of light, fight the good fight
Keeping our freedom alive
