

Train Of Thought

Stan Ridgway

I've wandered far and wide
This road keeps winding on
Can't stop these hands of time
Or right a world gone wrong

And I guess somewhere way out along the way
There was a vision I got
But then I lost my train of thought

Now I don't mean to stall
Or keep you here too long
Like echoes off the wall
It's here and then it's gone

And once all and everything came back to me
All the battles we'd fought
But then I lost my train of thought
I lost my train of thought

All the world and history
Burns like a bad sign
And here within my reach revealed
The clouds part in my mind
I see the love that I sought
But then I lost my train of thought
I lost my train of thought

The road is winding down
I'll need another clue
This seems familiar now
Or is this deja vu

And I guess somewhere way out along the way
There were feelings I fought
But then I lost my train of thought
I lost my train of thought
My train of thought
My train of thought
