

# Life Without You

Stanfour

Didn't want to say goodbye  
Didn't want to see you cry  
And look what i've done

Didn't want to make a mess  
Broke your heart and i confess:  
I'm the guilty one!

How I need to hear you?  
Hear you so softly, hear you say anything?  
Every single tear you shared  
well it kills me  
Oh should you never see!

Oh this is life without you  
I'm learning how to miss you  
I guess I need to know, how it feels like  
This is life without you  
I don't know who to turn to  
And everything I know, to say this goodbye  
so goodbye  
This is life without you  
This is life without you

Didn't want to make a mess  
Didn't want to feel again  
This heart is in love  
Desperate in all along  
Call that house that isn't home  
Afraid to pick it up

All I want is someone, tell me I'm crazy  
it just might save me  
Oh all I need is someone right here beside me  
Oh now I can see

Oh this is life without you  
Learning how to miss you  
I guess I need to know, how it feels like  
This is life without you  
Don't know who to turn to  
Everything I know, to say this goodbye,  
so goodbye  
This is life without you

This is life without you  
Learning how to miss you  
I guess I need to know, how it feels like  
This is life without you  
Don't know who to turn to  
Everything I know, to say this goodbye,  
so goodbye  
This is life without you

This is life without you
