

## Sail On

Stanfour

You - oh you can't see the light  
No you can't see the light  
Your world - your world's so frail  
Oh oh

But wait - too late to agonize  
Over what could have been  
It's our fate  
Just keep your head up high tonight

You sailed on for so long  
Waited for so long  
Save yourself tonight  
Save yourself tonight  
Sailed on for so long  
Don't break just sail on  
Save yourself tonight  
Save yourself tonight

You are chasing truth, oh  
The fire burns inside of you  
But you wouldn't know  
Oh oh

But you cry - I see you cry, oh  
I see the same old tears  
Are streaming down your face again

You sailed on for so long  
Waited for so long  
Save yourself tonight  
Save yourself tonight  
Sailed on for so long  
Don't break just sail on  
Save yourself tonight  
Save yourself tonight

You sailed on for so long  
Waited for so long  
Save yourself tonight  
Save yourself tonight  
Sailed on for so long  
Don't break just sail on  
Save yourself tonight  
Save yourself tonight

But you sailed on  
Sailed on for so long  
Don't break just sail on  
Save yourself tonight  
Save yourself tonight
