

Stars

Stanfour

Turn down the light - I'm blinded
Your soul it shines - deny it
Wait, don't pretend - oh baby
You're in command - and I saw

Stars collide in her eyes
That night she changed all my life
I'm waiting, I'm waiting for you
I'm waiting, I'm waiting for you

You feed my fire - I need to
Calm my desire - it's too late
Sounds of bright cheers - oh
Abate all my fears

Stars collide in her eyes
That night she changed all my life
I'm waiting, I'm waiting for you
Waiting, I'm waiting for you

Oh oh
Oh oh
Are you ready, ready
Are you ready, ready
Oh oh
Are you ready, ready
Oh oh
Are you ready, ready
Oh oh

I saw stars collide in her eyes
That night she changed all my life

And I'm waiting, I'm waiting for you
And I'm waiting, I'm waiting for you

Stars collide in her eyes
That night she changed all my life
I'm waiting, I'm waiting for you, ohohohoh
Waiting, I'm waiting for you, ohohohoh
Are you ready, ready
Oh oh
Are you ready, ready
Oh oh

I saw stars
